Six Steps to Powerful Decision Making

1. Preparation

You know what lies ahead of you. Examine the pros and cons and prepare yourself with the information to make a decision.

2. Sound Loyal Counsel

Surround yourself with great advisors and get them used to giving you feedback early in your relationship.

3. A Plan

Create a plan, with a timeline, to ensure the decision is carried out.

4. Time Away

Walk out of your space and feel the ingredients of the decision from a different perspective.

5. Communication

Communicate your decision clearly and you will inspire others to make the decisions they need to make.

6. Enjoy the outcome

When we celebrate on the other side of the decision we give ourselves the energy needed to make future great decisions.
